

EDGE LINE DIGITAL SIGNAGE

RANGE OF INDOOR KIOSK AND TOTEMS

A stylish architectural design that provides a slim, flush-finish to your screen.

An alternative design choice with hollow box section support uprights, which provide additional cable management and enhanced design appeal. Favoured by many corporate and retail specifiers. Noted for its distinctive appearance which fits well with current design trends.

DETAILS

Choose from a variety of available configurations; freestanding versions with either open or enclosed lower sections. Bolt down versions are also available where permanent fixed signage is more appropriate.

Double sided screen versions are also available for screens such as the Samsung OMN-D range.
